2021 Request for Proposals
DEADLINE IS MARCH 15, 2021**

Overview

The Flint Women and Girls Funds seek to increase gender equity by increasing opportunities for women and girls' economic empowerment, social development, self-expression and civic engagement. We believe these factors are major contributors to achieving gender equity.

Desired Program Characteristics

- Program is for women and/or girls within Genesee County.
- Program addresses the needs of a population traditionally underserved and/or oppressed, may focus on social justice and racial disparities.
- Program encourages self-sufficiency.
- Preference given to programs that include participants in the design or evaluation of the program.
- Program elements related to civic engagement and/or that advocate for favorable policies for women and/or girls in any of the three priority areas are welcomed.
- Programs supported through multiple sources are preferred.
- Preference given to a program that includes demonstrated collaborations.

Organization Structural Elements

- Either a new program or enhancement to an existing program is eligible. A new program would be eligible if from an organization with a demonstrated history of delivering successful programs to women and/or girls.
- The organization affirms a specific commitment to women and/or girls.
